## CAREER OBJECTIVE

Enthusiastic about Software Development, proficient in various programming languages. Dedicated to crafting efficient, scalable solutions. Seeking to contribute and enhance technical expertise and creativity to a dynamic team. Passionate and committed to continuous learning. Eager to drive impactful projects and thrive in a collaborative, growth-oriented environment.

## EXPERIENCE

### Application Development Analyst - Accenture (June 2024 - Present)

- Developing new requirements and improving the existing API testing automation framework for client Bharti Airtel.

### Associate Software Engineer - Accenture (December 2022 - Present)

- Worked on improving the existing automation testing framework.
- Made the Entire Sanity/Regression Pack up and running with Jenkins Integration.
- Identified new edge cases according to the changing needs and implemented them in the automation framework.
- Executed more than 500 test cases, carried out multiple rounds of Regression and Sanity execution through Automation Framework.
- I also worked on Negative Cases Validation API Integration into the current Automation Testing system.

### Android App Development Intern at Unolo (Smartsense Technologies) (July 2021 - September 2021)

- Worked on Making new Features like Random Reauthentication and Task Reminders
- Designed and Implemented the new Onboarding Screen.
- Worked on overall app improvement and inculcating animations in the Unolo App.

### Android App Development Team BVPIEEE (May 2020 - July 2021)

- I developed the Android Mobile Application for my college Society (BVPIEEE - Student Branch of IEEE at Bharati Vidyapeeth's College of Engineering)

## PROJECTS

### Airtel Interaction Project - Accenture

Role: Automation Api Testing

### Random Password Generator with Javascript (Github Repository).

Live Link: <https://passpro.netlify.app/>

### NoteItAll: A simple note-taking Android app (Github Repository).

### SCART: A Self Checkout payment android app (Github Repository).

### BVPIEEE Official App: Android App for BVPIEEE (IEEE's Student Branch at BVCOE) (Github Repository).

### Quiz App - Android App to play quizzes (Github - Java Version) (Github Kotlin Version).

## EDUCATION

**Bharati Vidyapeeth's College of Engineering, New Delhi**  
B.TECH - Electronics and Communication Engineering (ECE)

**Salwan Public School, Rajinder Nagar, New Delhi**  
Higher Secondary School (XII th)  
Secondary (X th)

## SKILLS AND TOOLS

### Technical Skills

Front-End Web Development, Native Android App Development, Java, Javascript, HTML/CSS, Automation Testing, Selenium, Cucumber BDD

### Soft Skills

Leadership, Problem Solving, Communication, Team Work, Event Management.

### Tools

Eclipse, Pycharm, Android Studio, Android SDK, Firebase, Eclipse IDE, Git, Github, Bitbucket, Postman, JIRA

## ACHIEVEMENTS

- All-Star Award - Accenture (Bharti Airtel Project)
- Start of the Month- November 2023 - Accenture (Bharti Airtel Project)
- Android Development Internship Certificate of Appreciation at Smartsense Technologies (Unolo)
